

Technology Counselor:

Our team is filling up fast and we want you!!! Paid internships are available!!! Are you interested in a career in technology, game design, digital arts, parks and recreation or teaching? A summer at Emagination gives you valuable skills for today's job market. Learn time management, team building, teaching, and oral presentation skills. Not only will we pay you, house you and feed you but in your time off, you will have the opportunity to experience some of the best cities in America. Need more? We surround you with a network of like-minded individuals to share ideas and a population of kids who are eager to learn from you.

Qualified candidates are proficient in two one or more of the following areas: RPG Game Design, Strategy Game Design, Action Game Design, Web Design, Flash, Photoshop, 3D animation (3DS Max), Microsoft Office, RC Cars, Robotics (Parallax.com), C++, Java, video game programming Computer System Configuration, Linux, Networking.

Instructors teach four classes each weekday and spend evenings and weekends when on duty delivering a traditional summer camp experience to campers ages 8-17. Excellent opportunity for students and recent graduates to reinforce technical and creative skills while having a fun summer experience at one of our great campus locations near Atlanta, Boston, Chicago or Philadelphia.

Emagination's competitive compensation package includes a weekly salary plus room and board (worth over \$350/week and includes weekend and off duty housing and meals!!) We also provide you transportation to and from the local airport at the beginning and end of camp.
